**Breeders** will be on hand to meet spectators and help them learn about the different breeds. Over 100 cats in over 30 pedigree breeds along with household pets make this a cat lovers dream event. Pedigreed and Household Pets are all judged in EIGHT separate rings by different judges. Pedigreed cats are judged based on their breed standard, which details the "perfect" example of each breed. Household pets on the other hand are judged on an individual level – their looks, personality, coat condition, and grooming.

**Vendors** of cat-related articles will also be on deck for your shopping pleasure, and a raffle will offer visitors a chance to win everything from cat trees to jewelry to wine.

Saturday's special event is the **Stuffed Animal Contest** with prizes. Sunday is the wonderful **Cat and Owner Costume Contest** but to compete requires the cat be entered in the cat show. The Costume Contest judge, returning from last year, is **Ron Bell** of WGBH's *Boston Black News* and co-host of the *Morning Crew* radio show on WBPG-LP 102.9 FM.

Area cat lovers are welcome to enter their own cats (by August 19th) so they can participate in the show, too. Kittens and Household Pets can be entered without a CFA registration number, but all others must obtain a number from CFA. More info at: <https://www.cfa.org/shows-events>
